# Photo Competition

Photography is the art of creating emotions through an image. It is a universal, powerful, and extremely efficient communication form, reaching people immediately, directly, and emotionally. Through images it is possible to express ideas, enhance collaboration, create emotional connections, and record shared experiences. With this activity we use the potential of photography in communication to enrich and strengthen the team, inspiring a better understanding and sharing among team members. Let's discover it together!

First, a brief **introduction to the basic principles of photography**, including the use of light, composition and clicking techniques. Your images will need to stick to the given subject: this can be a concept, a sensation, an emotion, a value. Each team **will be supported by a professional photographer** with a professional camera. To capture the best possible images, each team must work together, sharing ideas and strategies. You can explore the surrounding environment searching for **interesting subjects and testing the previously learned different photographic techniques**. Work together to catch high quality images, stimulating your imagination and searching for unique points of view.

Besides the shooting part, it is essential to successfully present the photos. Each team **selects their best images and creates a presentation** to show to the rest of the group, describing the picture or telling stories and anecdotes around the shooting creative process. At the very end, **all the photos will be evaluated by a panel of judges** and/or voted by all the participants. The most creative, interesting, and technically effective photos will be awarded, thus creating a friendly competition, besides sharing the photographic experiences within the team.

This is a great opportunity to learn to value other points of view and to **work together to reach a common objective**. Join us and explore the wonderful world of photography, let us stimulate your imagination and experience an unforgettable day with your colleagues!

# Treasure Hunt

If you are looking for an engaging and stimulating experience that allows you to discover the city, solve riddles and complete funny tasks as a team, then “Treasure Hunt” is the perfect activity for you!

Our “Treasure Hunt” Team Building gives you the opportunity to have fun and let your creativity flow when it comes to completing the special tasks, take funny pictures and make hilarious videos. Our staff on site will brief you and **divide you into teams and provide each team with a tablet connected to the internet**. Through the tablet you are going to **take pictures, make videos, search for information on the internet, find the shortest way to the next target place** and, most of all, you are going to chat with our staff. In fact, we don’t use any app, but lead the whole activity with real people interacting live with the teams and that are able to manage any unexpected situation or change of program. It is therefore **a digital activity but extremely human at the same time**. Strengthen your team spirit while enjoying the beauties of the city, its monuments and peculiar places and discovering flavors, curiosities and traditions. An engaging experience that we can plan especially for you!
